

## VALENZ SURGICAL & IMAGING

High-quality surgeries and imaging — for FREE.

[MRI & CT SCANS](#)[KNEE & SHOULDER](#)[OUTPATIENT PROCEDURES](#)

From Lacher

Hi (First Name), this is Jen Witter, your Lacher Healthcare Advocate for ABC Company. I wanted to follow up from an email I sent last month about Valenz Surgical & Imaging.

This program gives you access to high-quality surgeries and imaging for FREE when you use approved providers through the program. This can mean huge savings for you and your family.

Examples include:

MRI or CT scans that could normally cost hundreds or even thousands of dollars = FREE through Valenz

Knee, shoulder, or back procedures that could result in large out-of-pocket bills = FREE through Valenz

Colonoscopies and other outpatient procedures that may normally cost significant money = FREE through Valenz

The most important step is to contact me BEFORE scheduling care so I can help confirm eligibility and guide you through the process.
